CAREER HIGHLIGHTS

Punj Lloyd Limited, Gurgaon, India

Senior Procurement and Supply Chain Engineer

Oct2014 to Present

- Member of company's Central Procurement Group (CPG), a team formed to centralised procurement activities for company's project. Annual target of procurement for CPG is \$300 million dollars.
- Remotely worked on multiple projects of Middle East Region, including Polysilicon Project (1 billion dollars project) in Qatar, New Doha International Project (600 million dollar project) in Qatar, KNPC Revamping Project (USD 390 million Dollar Project) in Kuwait and Orpic 14" and 32" Pipeline Project (570 million dollar project) in Oman.
- Expediting visits to vendor facilities in India, Abu Dhabi, Dubai and China
- Saved over \$100M on procurement budget by initiating and leading process improvements to overhaul supply chain network (in collaboration with Bain & Company.) and implementing new eSourcing and documentation platforms
- Optimised lead time for rapidly consumable goods by collaborating with stakeholders and implementing Just-In-Time supply chain

Punj Lloyd Limited, Doha, Qatar

Procurement and Subcontracts Administrator

Mar2012-Sep2014

- Achieved a near 100% fill rate for project-based requisitions and reduced order returns to 1.9% from 18% by streamlining the procurement process through implementation of Kaizen on a cross-departmental level
- Improved cash flow visibility by automating various reports for project controls and finance departments by connecting isolated data silos on cloud
- Reduced Organizational demurrage by 13% and increased logistical transparency by negotiating and implementing a vendor-integrated logistics process and a lean information flow

Technicon Holdings, Gurgaon, India

Procurement Engineer

July2011-Mar2012

- Improved efficiency and visibility of total supply chain network by training the team on how to generate reports
