INDIA

Dear Mr Jagdeep Singh,

Please find attached the results of your Skills Assessment from VETASSESS for your nominated occupation of Stockbroking Dealer (ANZSCO Code: 222213).

Required Skill Level:

This occupation requires a qualification which is assessed as comparable to the educational level of an AQF Bachelor degree or higher degree, in a field highly relevant to the nominated occupation.

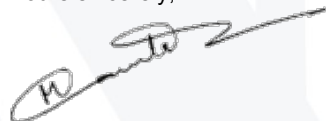

In addition to this, applicants must have at least one year of post-qualification employment at an appropriate skill level completed in the last five years which is highly relevant to the nominated occupation. If employment is not post-qualification, then five additional years of highly relevant employment are required.

If the degree is not in a highly relevant field, three years of employment at an appropriate skill level completed in the last five years in a field which is highly relevant to the nominated occupation is required. This is reduced to two years if there is an additional qualification at least at AQF Diploma level in a highly relevant field.

A positive assessment of both qualifications and employment is required for a positive Skills Assessment Outcome.

Please submit this page and the following Skilled Migration Assessment to support your visa application for migration to Australia.

Yours sincerely,

Dr Mamta Chauhan
Manager, Skills Recognition - General Occupations

Please note that VETASSESS bases this assessment on evidence supplied by the applicant. If at any stage in the assessment process fabricated, falsified or non-genuine evidence is detected, the assessment will be cancelled and the outcome will be recorded as negative. No refund on the fee will be provided.

The assessment of a person's suitability for employment, membership of a professional body, or further study is a matter for the relevant authorities in Australia to determine. It is important to note that to work in some occupations in Australia requires registration with the relevant Australian registration authority for that occupation. The above skills assessment is not an assessment for occupational registration. The relevant registration authority may have different or additional requirements for registration.

Please note that a positive assessment result from VETASSESS does not guarantee a positive outcome of your visa application for migration to Australia.

A VETASSESS Skills Assessment requires the qualification/s to be at the specified educational level in a highly relevant field. Employment must be at an appropriate skill level, in a highly relevant field, of 20 hours or more per week for the specified period and completed in the last five years. Applications which do not meet the educational and/or employment requirements cannot be assessed positively overall.
