SYNOPSIS

More than 6 years of rich experience in Software Designing / Development and Implementation using JAVA / Oracle Fusion Middleware Technologies: Oracle ADF 10g / 11g / 12c, Oracle BPM and Oracle UCM. Experience on Core JAVA, Web Services (SOAP & RESTful), Tapestry Framework, C & C++, Natural for LUW, Javascript and Velocity Framework for building robust, scalable and secure applications following the Agile Methodology.

My current work areas revolve around working as an R&D Software Engineer for Development of Software AG Natural Language for Open Systems.
I have earlier been involved in Application development, Projects/Requirement Analysis, Client Coordination and interfacing.

With a strong technical background, I look forward to challenging roles which would give me exposure to multiple domains, processes and technologies cutting across industry verticals.

1. 6.5 Years of diverse Software Development Experience in developing enterprise level Web based applications using JAVA technologies/Oracle Fusion Middleware Technologies and developing computer programming language using C and C++.
2. Proficiency in Java (Core and Advanced), Oracle ADF 10g/11g/12c, SOAP and RESTful Web Services.
3. Experience of working in an environment including Fusion Middleware Tools like Oracle BPM, Oracle UCM and Oracle SOA Suite.
4. Experience of development in Java/J2EE using MVC-II architecture.
5. Experience in designing 3 tier application architecture including Presentation, Business and Data Access Layer.
6. Gathered experience in Mentoring/Training new joiners.
7. Demonstrated leadership abilities by acting as a Tech Lead in multiple projects.
8. Experience in working under Agile/Scrum, Iterative methodologies for software development framework.
9. Involved in all phases of the project (Documentation, Designing pages, coding, unit testing, bug fixing and deployment).
10. Currently working with Software AG as Software Engineer R&D.

PROFESSIONAL EXPERIENCE

- Currently working as Software Engineer R&D with Software AG Malaysia (Since July 2016)
- Worked as Software Engineer with Allianz General Insurance Malaysia (From October 2014 to June 2016)
- Worked as ADF Consultant with Thakral One (Pte) Ltd., Gurgaon (From June 2013 to July 2014)
- Worked as a Software Engineer with 99 Oranges Technologies Ltd, Noida (From October 2012 to June 2013)
- Worked as an Associate Software Engineer with HCL Technologies Ltd. Noida (From April 2010 to October 2012)

---

1. [Software AG](#) **(Product : Natural For Open Systems - Language Development)**

Role	Software Engineer R&D
Team Size	4 – Malaysia, 34 – Germany
Technology	C, Software AG Natural LUW
Framework & OS	Visual Studio, Natural ONE, Natural Studio, Linux, Unix, Windows
Other	Tortoise SVN, Jenkins Build tool, iTrac, Agile Methodology

Roles and Responsibilities

- Got training from the developers of Natural & Adabas at Darmstadt, Germany and setup the foundation of Natural Language R&D center in Kualalumpur, Malaysia.
- Research and development/support of Natural Language for LUW systems.
- Research and development of Adabas database Manager using Natural Language.
- Involved in the requirement study, design and development of Natural Language for Open Systems.
- Conduct Code review and technical orientation and training to new joiners.
- Estimate the tasks

---

2. **Allianz (Malaysia)**

Role	Software Developer
Client	Allianz Malayisa Berhad.
Team Size	5
Technology	JAVA / Oracle ADF 12c, Oracle SQL, JDeveloper, Velocity Framework, Jasper Reports
Other	Tortoise SVN, Jenkins Build tool, Agile Methodology

Roles and Responsibilities

- Involved in the requirement study, design and development
- Developing components for the Presentation layer by using the predefined components.
- Developing code for data access using Entity Objects.
- Client interaction and attending project related meetings.
- Conduct Code review and technical orientation to new joiners.
- Estimate the task

3. **Repro India Ltd. (Client of Thakral One)** Repro provides solutions to publishers across 25 countries.

Role   ADF Consultant
Client   Repro India Ltd.
Team Size   4
Technology   JAVA / Oracle ADF 11g, JDeveloper ,SQL Developer
Other   Integration with Oracle Webcenter Content (UCM) ,
                            Oracle BPM

Roles and Responsibilities

- Involved in the requirement study, design and development
- Developing components for the Presentation layer using the predefined components.
- Developing code for data access using Service Objects.
- Client interaction and attending project related meetings.
- Conduct Code review and technical orientation to new joiners.

4. **AL MULLA INTERNATIONAL EXCHANGE CO.(Client of 99 Oranges Technologies)** The fastest growing major Exchange Company in Kuwait, with a network of 42 Branches, and a paid up capital of KD7 million.

Role   Software Developer
Client   **AL MULLA INTERNATIONAL EXCHANGE CO. KUWAIT**
Team size   3
Technology   JAVA / Oracle ADF 10g, Oracle ADF 11g, JDeveloper ,SQL
Other   Java Script

Roles and Responsibilities

- Involved in the requirement study, design and development
- Developing components for the Presentation layer by using the predefined components.
- Developing code for data access using Service Objects.
- Technical and Functional guidance to team members.
- Client interaction and attending project related meetings.
- Conduct Code review and technical orientation to new joiners.
- Estimate the task

5. **PEARSON VUE (Client of HCL Technologies)** provides a full suite of services from test development to data management, and delivers exams through the world's most comprehensive and secure network of test centers in 165 countries.

Role   Software Developer
Client   PEARSON VUE - USA
Team size   4
Technology   SWING, VisualBasic 6, SQL
                            Developer, IntellijIdea.
Methodology   Agile/Scrum
Other   Ajax, JSON, Java Script

6. **ProQuest (Client of HCL Technologies)** provides seamless access to and navigation of more than 125 billion digital pages of the world's scholarship, delivering it to the desktop and into the workflow of serious researchers in multiple fields, from arts, literature, and social science to science, technology, and medicine.

- **LAD / ONE SEARCH**

Role	Software Developer
Client	ProQuest, UK
Team size	4
Technology	ADF, JAVA/ J2EE, SQL Developer. Tapestry5, SOAP/RESTful Web Services, Eclipse.
Methodology	Agile/Scrum
Other	Ajax, JSON, Java Script
Tools	Ant, SVN, JUnit, Cruise Control, Easy Mock, Ivy

Roles and Responsibilities

- Involved in the requirement study, design and development
- Developing components for the Presentation layer by using the predefined components.
- Developing code for data access using Service Objects.
- Involved for fixing bugs raised by QA team.
- Client interaction and attending Agile process related meetings.
- Conducted Code review and technical orientation to new joiners.

SOFTWARE EXPOSURE

- Application Dev.   :   Oracle ADF 10g/11g/12c, JAVA/ J2EE, C, C++, Natural LUW, Adabas, Apache Tapestry, Hibernate, Swing, Oracle UCM, Oracle BPM
- IDE & Compilers   :   JDeveloper 10g/11g/12c, Natural ONE, Natural Studio, Visual Studio 2010, Eclipse, IntellijIDEA, VB6.
- Technologies   :   MySQL, REST / SOAP WebServices, JavaScript, Velocity Framework
- Servers   :   Weblogic 11g, Oracle Application Server (OC4J), NDV Server Apache Tomcat
- Version Control   :   SVN, Perforce
- Data Base   :   Oracle, SQL, MySQL, ADABAS, MS Access
- Frameworks   :   Oracle ADF10g/11g/12c, Tapestry, Swing.

HONORS AND RECOGNITION

- Wrote a White Paper for a contest on providing end to end solution of Preferred Time Delivery of LPG in India, while in HCL Technologies and won the first prize (Rs. 50,000) and a memento.
- Awarded with a Livewire certificate of excellence for contribution towards my project at HCL Technologies.
- Awarded with Livewire certificate of innovation and a memento for my project at HCL Technologies.
- Wrote Blogs for the Publishing Domain (TMPE) in HCL Technologies, on various topics and got highest ratings on the HCL TMPE website

ACADEMIC RECORDS

Education   : BE (Electronics and Commu.) from RGTU (MP), July 2009
                  : GNIIT from NIIT, Gwalior, Dec 2009
                  : 12th from St. Paul's School, Gwalior - 2005.
                  : 10th from St. Paul's School, Gwalior - 2003.

PERSONAL DETAILS

Name   : Aditya Shrivastava
Father's name   : Mr. Dheeraj Shrivastava
Gender   : Male
Address   : D-15-05, The Heritage Residences, SB Dagang
                     Mines resort City, Seri Kembangan, Selangor, Malaysia
Date of Birth   : 7th March 1988
Passport number   : Z3369328
